

## Art at Georgian Gardens Primary School

We aim for the children of Georgian Gardens to be able to be creative and imaginative. We want them to find enjoyment in art and the creativity of others. We are passionate about wanting our children to have the confidence to experiment with their artistic choices and develop their own style and tastes. Children will be encouraged to be adaptive and be able to make changes during an ongoing project.

### Knowledge

Children of Georgian Gardens will:

- Have an understanding of different medias.
- Recognise and appreciate a wide range of artists and art work.
- Understand different cultures and how artwork varies between them.

### Skills

Children will develop a variety of skills, including:

- Learning how to express themselves through art.
- Describing, evaluating and reflecting upon their own art, the art of their peers, and the work of artists.
- Using different tools and techniques competently.
- Using different tones, colours and effects appropriately.
- Explaining and justifying their preferences and choices.
