

## French at Georgian Gardens

Through learning a new language, each child will develop an understanding of wider cultures. They will develop their listening and speaking skills in order that when they meet a French speaker they can engage in some conversation and to be able to ask for information with confidence. Developing a love for French will encourage travel, widening life experiences. Learning how to learn a language is an invaluable skill for life as having the confidence to find meaning in words opens many doors.

### Knowledge
